## Unicorn marshmallow pops

Marshmallows decorated as unicorns, on a stick! Super fun for a unicorn party and an easy alternative for cakepops.

Other materials:

- Round marshmallows

Put a lollipop stick in the marshmallows. Melt the white candy buttons in the microwave and dip the marshmallows in the candy. Tap the marshmallow a bit to remove the excess candy. Lay them in the fridge for 10 minutes.

Take some white fondant and make small elongated cones. Twist the cones together to make a horn. Cut it to size and let them dry. Powder them with the FunCakes Sparkle Dust Golden Ginger. Make small white fondant balls. Shape each ball into a small cone and press it flat. Give the ears colour with the pink food pen. Roll the different colours of fondant out and use the flower plunger cutter to cut out flowers. Stick the horns and the ears on the marshmallow with some melted candy button. Also stick the flowers on it with some melted candy button. Draw eyes with the black food pen.
