- 2 forks

Step 1: Pick out the Dutch Spiced Biscuits

To make the Chocolate Dutch Spiced Biscuits with disco dip, you can use ready-made Dutch Spiced Biscuits. Or you can make them yourself with this recipe. The choice is entirely up to you!

Step 2: Melt the FunCakes Deco Melts and the FunCakes Chocolate Melts

Melt the FunCakes Deco Melts au bain-marie or in the microwave. For in the microwave, melt on max 500W in a microwave-safe bowl. Place the Deco Melts in the microwave for 15-20 seconds and stir well every 15-20 seconds. Continue until the Deco Melts have melted completely. Small pieces will still be visible. Keep stirring until the melts are completely smoothly melted.

Also melt the FunCakes Chocolate Melts au bain-marie or in the microwave. For in the microwave, put the Chocolate Melts in a microwave-safe bowl. Melt on maximum power ($\pm 800W$) in the microwave, stirring the chocolate well every 15/20 seconds so that the temperature spreads evenly. Stop heating once the chocolate is almost completely melted (small pieces may still be visible). Keep stirring until the chocolate is dissolved. Be careful not to add any water!

Step 3: Dip the Mini Dutch Spiced Biscuits 'Kruidnoten' in the melted melts and sprinkle with disco dip

Dip the mini Dutch spiced biscuits in the melted melts, by throwing a few mini Dutch spiced biscuits into the bowl at a time and using two forks to make sure the mini Dutch spiced biscuits are completely covered with the melted melts. Using the two forks, remove the covered mini Dutch spiced biscuits from the bowl and place them on a cooling rack.

Sprinkle them immediately with the FunCakes non pareils discomix so that the discomix sticks to the melted melts. Keep repeating these steps until all the mini Dutch spiced biscuits have been dipped in the FunCakes Deco Melts and/or the FunCakes Chocolate Melts and sprinkled with the discomix.

Afterwards, don't let the Chocolate Dutch Spiced Biscuits cool in the fridge, because then the

discomix will melt on the Dutch spiced biscuits and of course you don't want that!

Step 4: Enjoy your Saint Nicholas Chocolate Dutch Spiced Biscuits with Discomix!
