## Step 1: Bake the Baking Mix for Biscuit Deluxe

Make sure all ingredients are at room temperature. Preheat the oven to 175°C (hot air oven 160°C). Mix 210 grams of FunCakes mix for Biscuit Deluxe with 3 eggs and 21 ml water in a bowl. Beat for 7-8 minutes on the highest speed, then 2-3 minutes on low speed. Grease the Mini Wonder Mold with cake release and divide the batter between the molds. Bake the mini cakes for about 40 minutes until done. After baking, dump the cakes onto a wire rack and let cool.

## Step 2: Biscuit filling

Using a cake cutter, cut the cookies and fill them with jam of your choice. Using a palette knife, spread the cookies with jam.

## Step 3: Coating the cookie

Roll out the fondant on a work surface dusted with powdered sugar and line 2 balls with it. Cut away excess fondant with a knife/scribertool. Color a small piece of remaining fondant pink and the rest brown. Using the brown fondant, coat the other ball.

## Step 4: Cut out body parts

Make a tail and two hind legs from 3 balls of white fondant. Roll out a piece of pink and cut out two paw pads with the medium oval cutter. With the round plunger, cut out 6 toes. Stick this on the paws.

Roll out a piece of white and cut out 2 white ears with the large lily plunger and 4 pink ears with the

medium lily plunger. With the large lily plunger also cut out 2 ears from brown. Stick 2 pink in the brown ears and 2 in the white ones. Glue the ears onto the bunnies as you see fit.

### **Step 5: Finishing the face**

Stick the ears onto the rabbits as you see fit. Using your thumb, gently push the eye cavities into the cakes and press a black pearl into them. Make cheeks from small balls that you flatten and make holes in them with the back of the knife. Make two small noses out of pink and stick them on the faces. If necessary, make eyebrows and hair from rolls of fondant.

### **Step 6: Enjoy your Easter bunnies!**
