Ingredients

- FunCakes Deco Melts Red
- FunCakes Deco Melts Pink
- FunCakes Sprinkle Medley Beloved

Supplies

- FunCakes Decorating Bags 30 cm
- Wilton Lollipop Sticks
- Patisse Parchment Paper Sheets
- PME Plastic Cutter Heart
- Baking Tray

Step 1: Make the lollies

Place a sheet of baking paper on a baking tray and place the PME Heart Cutters on it. Melt the FunCakes Deco Melts Red and Pink as indicated on the packaging. Put the melted melts into two different piping bags. Cut off the tip and fill the cutters with the melted deco melts.

Step 2: Decorate the lollies directly

Immediately decorate the lollies with the FunCakes Sprinkle Medley Beloved, so that the sprinkles stick to the melted melts. Let it harden and press the shapes out of the cutters.

Step 3: Attach the lollipop sticks

Place the Wilton Lollipop sticks on the back of the deco melts moulds. Secure the sticks by zigzagging the remaining melted deco melts over them.

Step 4: Hand out the Valentine Lollipops as a treat!
