Supplies to add yourself:

- 250 + 150 grams of butter
- 5 eggs
- Muffin pan
- (Ice cream) spoon
- Piping bag
- Decorating tip

Step 1: Bake cupcakes

Preheat the oven to 180°C (fan oven 160°C). Mix 500 grams of FunCakes mix for Cupcakes, 250 grams of butter and the eggs on low speed for 4 minutes to a smooth batter. Divide the dino baking cups in a muffin pan and spoon the batter into the molds with an (ice cream) spoon (filling it about halfway). Bake the cupcakes in the oven for about 18-20 minutes.

Step 2: Making Buttercream

Process the ingredients at room temperature. Mix 125 gram FunCakes mix for Buttercream with 125 ml water, beat the mixture with a whisk. Beat 150 grams of butter until creamy in about 5 minutes. Add the mixture in parts to the butter, mixing completely before adding the next part. Mix it all into a smooth cream (about 10 minutes). You can give the buttercream a color or flavor if you want.

Step 3: Decorate Cupcakes

Place the buttercream in a piping bag with a nozzle. Pipe a swirl on each cupcake. Decorate the swirls with the dino sprinkles.
