Step 1: Prepare the oven and baking pans

Preheat the oven to 180°C (convection oven 160°C) and grease the baking pans with FunCakes Bake Release Spray.

Step 2: Bake the sponge cakes

Prepare 400 g FunCakes Mix for Sponge Cake Deluxe according to the instructions on the package. Divide the batter evenly between the two baking pans and bake for approximately 30 to 35 minutes until done.

Remove the cakes from the pans and allow them to cool completely on a cooling grid.

Step 3: Prepare the buttercream

Prepare 200 g FunCakes Mix for Buttercream according to the instructions on the package and flavour it with FunCakes Flavour Paste Mascarpone.

Set aside about 2 tablespoons of buttercream and colour it light green using FunCakes Food Colour Gel Bright Green. Colour the remaining buttercream grass green using both the Bright Green and Holly Green colour gels.

Step 4: Fill and stack the cakes

Use the cake leveler to cut both cakes into layers. Fill each layer with a thin layer of jam and green buttercream.

Stack the cakes on top of each other on a cake board and secure them with dowels cut to size for extra stability.

Step 5: Cover the cake with buttercream

Cover the entire cake tightly with the green buttercream using a spatula and side scraper while turning the cake on the turntable.

Place the cake in the refrigerator for at least 30 minutes to firm up.

Step 6: Prepare the sugar paste decorations

Knead the white and black sugar paste until smooth and roll both colours out to a thickness of 2-3 mm.

Use the largest hexagon cutter from the PME set to cut out as many hexagons as needed for the football pattern.

Step 7: Create the football pattern

Attach the black and white hexagons to the cake to create the football design. The sugar paste will stick naturally to the buttercream, so edible glue is not necessary.

Step 8: Finish the decoration

Fit a decorating bag with the Wilton adaptor and decorating tip #233. Fill the bag with the light green buttercream and pipe a grass border around the top and bottom edges of the cake. Finish the cake by adding the football goal and player decorations on top of the grass border for the perfect football-themed finish.
