Bake the mini cupcakes according to the instructions on the package and let them cool down. Brush the tops of the cupcakes with thin piping gel.

Roll out the white marzipan and cut out two daisies per cupcake. Stick them together and bend the top of the daisy gently a bit upwards. Make a ball with the orange marzipan and the centre stamps for a heart in each daisy.

Roll out the pink marzipan and cut out flowers for the other cupcakes with the 5 petal cutter. For each cupcake, you need a large and a small flower. Paste a small flower on top of a big flower and squeeze the of the little flower the dots together. Place yellow hearts on these flowers.

Make the pot ready, cut the oasis in shape. Place the kocos fiber over it, so that you can't see the oasis any more. Insert two cocktail sticks in the oasis and prick the cupcake gently on it. Do the same with the other cupcakes and make a beautiful bouquet.

Tip: surprise your mother on Mother's Day with a nice bouquet of cupcakes!
