Make the rice sheet decoration a day in advance, it should be thoroughly dry!

Step 1: Make the dried rice sheets

In a shallow flat dish with a raised rim, put a layer of water. Place the rice sheets in this until soft. Crumple a sheet of parchment paper and straighten it slightly. Lay the soft rice sheets in the shape you want on the baking paper and let it air dry for 1 day.

Step 2: Color the dried rice sheets gold

Put a little gold paint on a saucer and make a loose wad of a piece of cling film. Lightly dip this wad in the paint and make edges of some of the dried rice sheets gold. Spray the rest of the dried rice sheets gold with the metallic spray.

Step 3: Bake the sponge cakes

Preheat the oven to 180°C (convection oven 160°C) and spray the baking pans with Bake Release

Spray

Prepare 400 g FunCakes Mix for Sponge Cake Deluxe as indicated on the package and divide between the two baking pans. Bake the cakes for about 30-35 minutes and let the cake cool down by using a cooling grid.

Step 4: Make the Enchanted Cream®

Prepare 200 g FunCakes Mix for Enchanted Cream® as indicated on the package and flavour with the lemon zest flavour paste.

Step 5: Cut and fill the sponge cakes

Cut the cakes 2 times with the cake leveler and fill with lemon curd and Enchanted Cream®. Coat the outside of the biscuits with a thin layer of cream and leave to set in the fridge.

Step 6: Line the cakes

Knead the covering paste smoothly and roll it out on magic roll out powder and line the two cakes with it. Stack the cakes on top of each other using a cake board cut to size for the 15 cm cake and dowels cut to size for the 20 cm cake. If necessary, spread a little cream between the two cakes against sliding.

Step 7: Decorate the cakes

Put what cream you have left in a decorating bag with a coupler and decorating tip #032 and make a scalloped edge around the stack seam of the 2 cakes.

Again, put a little gold paint on a saucer and make a loose wad of a piece of cling film. Lightly dip the wad of plastic wrap in the paint and decorate part of the cakes with it.

Stick the dried rice sheets overlapping with a little cream against the cakes and stick some plaster between the sheets.

Step 8: Enjoy this beautiful Wedding Cake!
