## Step 1: Make the FunCakes mix for Cupcakes and the FunCakes mix for Buttercream

Preheat the oven to 180°C (hot-air oven 160°C). Grease the baking pan. Make 500 grams of FunCakes mix for Cupcakes and 200 grams of FunCakes mix for Buttercream as indicated on the packaging. Fold through the cake batter 200 grams of spiced nuts. Put the batter in the baking tin and bake the cake in about 60-70 minutes. After baking, dump onto a cake rack and leave to cool completely.

## Step 2: Cut the cake into layers and fill with butter cream

Grind 200 grams of ginger nuts in the food processor and fold into the butter cream. Put the gingerbread cream in a piping bag with the nozzle #2A. Cut the cake with the cake cutter into three equal layers and pipe the buttercream between the layers. Smooth with a spatula if necessary. Place the cake in the fridge for a while to allow the cream to set.

## Step 3: Decorate the cake with FunCakes Choco Glaze Topping

Heat half a jar of FunCakes Choco Glaze Topping in the microwave for 10 seconds and pour it on top of the cake. Using a spatula, gently push the glaze over the edge here and there. Decorate with sprinkles, chocolate letter, saint and chocolate coins. If necessary, put a skewer behind the chocolate letter to prevent it from falling over. Place in the fridge until use.
