Wilton Rolling Rod with Rings 22.5cm  
Patisse Cake grid Ø32cm  
Patisse Turban mold Cast aluminum 3 Ø24cm  
PME Holly Leaf Plunger Cutter Set/3

## Other supplies:

135ml water  
80 g + 100 g soft unsalted butter  
3 eggs

# de leukste taarten shop

Method: Preheat the oven to 175 degrees (convection oven 160 degrees) and grease the fluted tube pan with baking spray.

Place the 640 g Cake Brownie mix, 3 eggs, 135 ml water and 80 g butter in a mixing bowl, mix on low speed until smooth and spoon into the fluted tube cake tin.

Bake the Cake Brownie for 45-50 minutes until done and after baking, turn it onto a wire rack to cool. If necessary, check with a skewer whether the Cake Brownie is cooked through.

Melt about 200 g of ganache in a small bowl in the microwave and pour it over the bundt cake.

Beat 200 g ganache together with 100 g soft unsalted butter until smooth and place in a piping bag with nozzle #1M. Pipe the whipped ganache on top of the fluted tube cake and let it set in the fridge for half an hour.

In the meantime, knead the green fondant and roll it out to a thickness of about 2 mm and cut out a number of holly leaves. Place the holly leaves on the tufts of ganache and sprinkle red pearls over them.
