Step 1: Make the cookie dough

Prepare 500 grams of FunCakes Mix for Cookies as indicated on the packaging. Wrap the cookie dough in plastic wrap and let it chill in the refrigerator for at least an hour.

Step 2: Prepare the royal icing

Prepare 450 grams of FunCakes Mix for Royal Icing as indicated on the packaging. Divide the royal icing into different bowls and color it with the edible food coloring in various shades of pink. Place the icing in different piping bags with the #102 piping tip.

Step 3: Bake the cookies

Preheat the oven to 180°C (160°C for a convection oven). Roll out the dough on a floured surface (to approximately 3 mm thickness). Cut out the cookies using the largest heart-shaped cutter and bake them in the middle of the oven for about 12 minutes until golden yellow.

Step 4: Decorate the cookies

Pipe V-shaped clusters of two petals each with the royal icing and the #102 piping tip—one from the left and one from the right—to create a row of alternating colored petals. Repeat this with the second row between the petals of the first row. Continue repeating the pattern until the cookies are covered.

Step 5: Spread love by sharing these delicious cookies!
