Necessities

- FunCakes Piping Bags 30 cm

- Wilton Wide Glide Rolling Pin 50 cm
- Patisse Donut & Bagel Cutter Ø9cm
- Clean ironed tea towel
- Kitchen paper
- Deep fryer

Step 1: Make the Donuts

Prepare 500 g of FunCakes Mix for Donuts as indicated on the package. Lightly dust your work surface with flour and roll out the dough to a thickness of 5 mm. Use the Patisse Donut & Bagel Cutter to cut out donut shapes. Place them on a baking tray lined with parchment paper and cover with a tea towel. Let them rest for 25 minutes.

Meanwhile, heat the deep fryer with sunflower oil to 180°C and fill a wide bowl with granulated sugar.

Step 2: Fry the Donuts

Fry the donuts for 90 seconds per side until they turn light brown. You can fry two at a time. Let them drain on some paper towels and coat one side in sugar.

Step 3: Decorating

Divide the Dip 'n Drip into three bowls to create three different colors. Add a little FunCakes Food Colour Paste Pink to one bowl for a soft pink shade. Use the other color paste to create a light ivory shade in the second bowl, and leave the third bowl white.

Heat one bowl in the microwave for 10 seconds at a time until the Dip 'n Drip becomes liquid. Be careful not to overheat it. Pour it into a piping bag and drizzle it over the unsugared side of the

donuts. Work quickly—after decorating one donut, immediately add FunCakes decorations while the glaze is still sticky.
