Step 1: Make the lollipops

Thread 3 marshmallows onto a lollipop stick. Heat the white deco melts in a bowl in the microwave and use a spoon to coat the marshmallows. Tap off excess melts on the edge of the bowl and place the sticks on a baking sheet lined with parchment paper. Place this in the refrigerator for about 10 minutes to allow it to set.

Step 2: Decorate the lollipops

Meanwhile, heat a small amount of each remaining color of deco melts in bowls in the microwave and transfer them to piping bags. Remove the marshmallow sticks from the refrigerator, snip small tips off the piping bags, and zigzag over the marshmallows. Once you've used all the colors, return them to the refrigerator for 10 minutes. Afterward, you can store them at room temperature.
