Step 1: Prepare the cookie dough

Make 500 grams of FunCakes mix for Cookies according to package directions. Wrap the dough in plastic wrap and place in the refrigerator for an hour.

Step 2: Bake the Funcakes Mix for Cookies

Meanwhile, preheat the oven to 180°C (hot air oven 160°C). Remove the dough from the fridge, knead it smoothly by hand again and roll it out on a work surface dusted with FunCakes Magic Roll-Out Powder to a thickness of about 3 mm.

For the etagere, cut out three (or as many as you like) oval cookies and 6 small rounds and cut out different kinds of cookies with different kinds of cutters to fill the etagere, for example Flowers, carrots and Easter bunnies. Place them some distance apart on a baking sheet lined with baking paper and bake the cookies for 10-12 minutes until cooked and browned.

Step 3: Prepare the Royal Icing

Make 450 grams of FunCakes mix for Royal Icing as directed on the package. Divide the icing among 6 bowls and dilute 4 of them with some water until it reaches a yogurt thickness. Color these in the colors of your choice with the colour gels and leave one tray white.

Step 4: Decorate the cookies

Decorate the cookies as desired and let them dry thoroughly. Stack the etagere by gluing 3 small round cookies in the middle of the oval cookie with icing. Then do this as many times as you want (as high as you want to make it yourself). Let it dry well and place your cookies on the etagere. You can also decorate the edges of the etagere with a nice shell border or dot of icing. You can make it as fun as you want!

Step 5: Enjoy your Easter Etagere!
