Supplies

- PME Lollipop Sticks -16cm- pk/35

Step 1: Melt the Deco Melts

Place the FunCakes Orange and Green Deco Melts in a microwave-safe bowl and heat in the microwave at 450W. Stir occasionally. Once nearly melted, remove from the microwave and stir to melt any remaining pieces in the warm melts. Allow it to cool slightly and give it one more stir.

Step 2: Make the lollipops

Line a baking sheet with parchment paper and transfer the melts into a FunCakes Disposable Piping Bag, 30 cm. Cut a small tip and pipe dollops onto the parchment paper. Insert the PME Lollipop Sticks and immediately sprinkle with FunCakes Sprinkle Medley - Football. Let it set in the refrigerator for 10 minutes. This will give it a nice shine. Store at room temperature.

Step 3: Serve the Football Lollipops and share!

Present them in a fun glass jar or insert them into styrofoam!
