Step 1: Make the cookie dough

Process the ingredients at room temperature. Make 500 grams of the FunCakes Mix for Cookies as directed on the package. Then wrap in plastic wrap and refrigerate for one hour.

Step 2: Make the Enchanted Cream®

Prepare 150 grams of the FunCakes Mix for Enchanted Cream® as directed on the package. Divide the cream between two bowls and color with the FunCakes food coloring. Do this by dropping a small drop into the cream, this is how you get the light green and red/pink colors. Then put the Enchanted Cream® into several piping bags with the #6B nozzle.

Step 3: Bake the tartelettes

Preheat the oven to 180°C (convection 160°C). Line the springforms with baking paper and spray them with the baking sheet. Knead the dough and roll it out on a floured work surface to about 3 mm thickness. Cut out rounds with the cutter and place them on the bottom of the molds. Then cut long strips 2 cm wide and line the molds with them. Bake the tartelettes for about 12 min until golden brown. Then let them cool well in the springform pan. Repeat this step until you have enough tartelettes.

Step 4: Fill the tartelettes

Heat the caramel for 1 minute in the microwave at 340 W or heat au bain marie. Fill the tartelettes

with this, do not do this all the way to the edge.

Put the chocolate melts in a microwave-safe bowl. Melt on maximum power ($\pm 800W$) in the microwave. Every 15/20 seconds, stir the chocolate well so that the temperature spreads evenly. Stop heating once the chocolate is almost completely melted (small pieces may still be visible). Keep stirring until the chocolate is dissolved. Once the melts are well melted, continue filling the tartelettes to the brim with the chocolate. Then let cool thoroughly.

Step 5: Decorate the tartelettes

Pipe the Enchanted Cream® onto the cooled tartelettes and further decorate with the chocolate balls bronze gold and the chocolate decorations Christmas.

Step 6: Enjoy these delicious Christmas Tartelletes for dessert!
