Step 1: Bake the fudge brownie

Preheat the oven to 160°C (fan oven 140°C). Prepare 500 grams of the FunCakes Mix for Fudge Brownie as instructed on the packaging. Bake the brownie for 35 minutes in the middle of the oven. Do not open the oven during baking! The brownie will remain soft and creamy on the inside. After baking, let the brownie cool and allow it to set in the refrigerator for at least an hour before decorating.

Step 2: Prepare the chocolate letters

Remove the lid and close the bottle of Colour Mill Choco Drip. Then, heat the bottle in the microwave for 20 seconds and squeeze the bottle to break up the contents. Heat for another 20 seconds and shake the bottle to loosen the contents. Finally, heat for 10 more seconds until the contents of the bottle are fully melted.

Fill the required letters into the Katy Sue letter mold and let the choco drip set well in the refrigerator. Once the choco drip has hardened, gently push the letters out. Repeat this until you have all the letters you need.

Step 3: Prepare the Choco Enchanted Cream®

Prepare 150 grams of the FunCakes Mix for Choco Enchanted Cream® as instructed on the packaging.

Step 4: Decorate the brownie

Spread a layer of Choco Enchanted Cream® on the brownie and smooth it out with a spatula. Then, fill a piping bag fitted with nozzle #8B with the cream and pipe several rosettes around the edges of

the brownie.

Finish decorating the brownie with red Nonpareils , yellow chocolate letters, your homemade letters, and chocolate Sinterklaas figures.

Step 5: Enjoy this delicious Sinterklaas Brownie!
