Step 1: Bake the Cupcakes

Preheat the oven to 180°C (convection oven 160°C) and place the FunCakes Kraft Baking Cups in the Wilton Muffin Pan. Prepare 250 g of FunCakes Cupcake Mix as instructed on the package. Fill the baking cups up to 2/3 with batter and bake the cupcakes for approximately 19-23 minutes until golden brown and cooked through. After baking, let them cool on the counter, outside of the baking pan.

Step 2: Decorate with Fondant

Color three pieces of FunCakes Fondant Bright White with the FunCakes brown coloring gel in three different shades of brown. Use the JEM Pop-It's to create fondant paw prints and let them air dry for a while. Mix FunCakes Colour Dust Black with a little Rejuvenator to create a paint and use it to color the paw prints. Let them dry completely.

Step 3: Make the Buttercream

Prepare 125 g of FunCakes Buttercream Mix as instructed on the package and flavor it with FunCakes White Choco Flavor Paste.

Fill a piping bag fitted with Wilton tip #1M with the buttercream and pipe beautiful rosettes onto the cupcakes. Decorate with the fondant paw prints and FunCakes 3D Sprinkles Puppy Love.
