Make the marshmallows according to the [basic recipe](#) or use readymade marshmallows.

Carefully stick the lollipop sticks into the marshmallows. Melt the candy melts, every colour separately, in the chocolate melter. Melt the pink candy melts twice, add some white candy melts to one bowl, so you get a light pink colour.

Dip the marshmallow to the half in the yellow candy melts. Let the marshmallow harden a bit and dip it into the brown candy melts. Let the pops harden well.

Repeat this for the pink pops, dip the marshmallows to the half in the light pink candy melts and then into the pink melts.

Made possible by Wilton.
