Step 1: Bake the Sponge Cake

Preheat the oven to 180°C (160°C for a convection oven) and grease the baking pan with baking spray. Prepare 150 grams of FunCakes Mix for Sponge Cake as indicated on the packaging. Place the batter into the baking pan and bake the sponge cake for approximately 30-35 minutes until done. Immediately turn it out onto a cake rack after baking and let it cool.

Step 2: Make the Buttercream

Prepare 125g of FunCakes Mix for Buttercream as indicated on the packaging. Flavor the buttercream with the flavor paste.

Step 3: Cut and Fill the Sponge Cake

Slice the sponge cake twice using a cake saw, fill, and thinly coat it with buttercream all around. Let the cake set in the refrigerator. Color the remaining buttercream with Red Earth color gel and place it in a piping bag with tip #1M.

Step 4: Cover and Decorate the Cake with Fondant

Knead the Old Rose sugar paste well and roll it out to a thickness of about 2-3 mm. Use it to cover the cake. From the Red Earth fondant, create a decorative border with the largest size rope from the mold, and attach it with some edible glue along the bottom edge of the cake.

Step 5: Create the Text on the Cake

Roll out a piece of Red Earth sugar paste and cut out a heart shape (size of your choice). Use the fun fonts to imprint a message. Use the brush and gold paint to color the letters. Attach this heart to the

cake with some edible glue.

Step 6: Decorate the Cake

Pipe small rosettes of buttercream along the top edge of the cake. Put some burgundy pearls in a plastic bag, add some ruby edible luster dust, and shake. Place the pearls on a dollop of cream.

Step 7: Treat your loved one to this delicious Valentine's cake!
