Step 1: Bake the sponge cake

Preheat the oven to 180°C (convection oven 160°C). Prepare 250 g FunCakes Mix for Sponge Cake Deluxe as indicated on the package. Grease the baking pan with FunCakes Bake Release Spray and spatula the batter into it. Bake the biscuit for about 30-35 minutes until done and after baking. Let the cake cook down by using a cooling grid.

Step 2: Make the swiss meringue buttercream

Prepare 100 g FunCakes Mix for Swiss Meringue Buttercream as indicated on the package.

Step 3: Cut and fill the cake

Cut the sponge cake 2x with a cake leveler. From the set of round cutters, take a ring with a diameter of about 9-10 cm and cut 4 rings.

Make 4 small cakes from 3 rings of biscuit filled and smeared with FunCakes Mix for Swiss Meringue Buttercream. Keep a small amount of cream left to stick the balls on the cake. Let the

smeared cakes set in the fridge for half an hour. Put the leftover swiss meringue buttercream in a decorating bag.

Step 4: Line the cakes

Knead the FunCakes Rose White roll Sugar Paste well and line the 4 small cakes with it.

Step 5: Make the sugar paste decorations

Knead the coloured Sugar Paste well and make balls of different sizes. Roll out the Rose White fondant wafer-thin, cut out small snowflakes and let air dry.

Step 6: Decorate the cakes

Glue the chocolate balls together with the fondant balls in a wreath on top of the cakes and stick a snowflake here and there on the wreath.

Step 7: Enjoy this Christmas Bento Cake or give it away as a present during the holidays!
