Ideally make the hearts one or two days earlier so they are dry enough to use.

Step 1: Make the Sponge Cake

Preheat the oven to 180°C (convection oven 160°C) and grease the baking pan with the FunCakes Bake Release Spray. Prepare 150 g FunCakes Mix for Sponge Cake Deluxe as indicated on the package. Spoon this into the baking pan and bake the cake for about 30-35 minutes. Let the cake cool down by using a cooling grid.

Step 2: Make the buttercream

Prepare 200 g FunCakes Mix for Buttercream as indicated on the package and flavour with the FunCakes Flavour Paste.

Step 3: Cut and fill the cake

Using the cake leveler, cut the cake 2x. Fill and spread the cake all around with buttercream and leave to set in the fridge.

Step 4: Color the buttercream

Divide the rest of the buttercream into five different bowls and colour it with the FunCakes Food Color Gels. For darker colours add a little more Food Colour Gel. Put all the coloured creams in a decorating bag with adaptor and decorating tip #032 and #4B.

Step 5: Line the cake with sugar paste

Knead the FunCakes Covering Paste well and roll it out to a thickness of 1 ½ to 2 mm and line the cake with it. Color the rest of the fondant in various shades with the Food Color Gels. Roll it out thinly and cut out different sizes of hearts. Let it air dry.

Step 6: Decorate the cake

Pipe the different colors of buttercream as you see fit on the cake. Sprinkle some of the medley on top and further decorate the cake with the fondant hearts which you stick right into the cream.

Step 7: Enjoy this loving cake with your loved one!
