Step 1: Bake the cake

Preheat the oven to 160°C (convection oven 150°C). Prepare 500 grams of FunCakes Mix for Cupcakes as indicated on the package. Pour the batter into the greased baking pan and bake the cake for 60-70 minutes until done. After baking, transfer it onto a cooling rack and let it cool thoroughly.

Step 2: Make the Enchanted Cream®

Prepare 225 grams of FunCakes Mix for Enchanted Cream® as indicated on the package. Divide the Enchanted Cream® into 4 separate bowls and colour the cream red, blue, and orange with RD Progel food coloring. Leave one bowl white.

Step 3: Frost the cake

Frost the top of the cake with the orange Enchanted Cream®; you can easily smooth it with a spatula. Leave some of the cream aside for decorating.

Step 4: Fill the piping bags

Take a piece of plastic wrap and make 3 strips side by side with the red, white, and blue Enchanted Cream®. Carefully roll up the plastic wrap and tightly seal the ends. Cut the tip of one end and place it in a piping bag with tip #6B. This way, you'll get a gradient of red, white, and blue colours in your Enchanted Cream®. Fill another piping bag with tip #022 with the orange Enchanted Cream®.

Step 5: Decorate the King's Day Cake

Pipe various swirls onto the cake and finish by decorating with red, white, and blue nonpareils and orange sugar crystals.

Step 6: Enjoy this delicious King's Day Cake!
