€5.69

Other materials:

- 250 gram butter
- 3 eggs (approx. 250 gram)
- 125 ml water
- 150 gram unsalted butter
- Oreo Cookies

Make the FunCakes mix for cupcakes batter as described on the packaging. Put the House of Marie Baking Cups Ster Blauw pk/50 in a baking pan and place an oreo cookie in each baking cup. Fill the baking cups with the batter until the half of the cup is filled. Bake the cupcakes as directed on the package. Let them cool completely.

Prepare (for 12 cupcakes) 1 serving FunCakes mix for Buttercream following the directions on the package. Divide the batter in half and mix some LorAnn Natural Flavor - Creamy Caramel - 30 ml. Fill a piping bag with the caramel butter cream and a vanilla butter cream. Use the Wilton Colorswirl Tri-color Large Coupler with the Wilton Decorating Tip #1M Open Star Carded. Pipe a beautiful bicolor swirl (you can also add another flavour of buttercream to your liking and make a tricolor swirl). Stick an Oreo the middle of the swirl or crumble an Oreo Cookie and sprinkle it over the swirl.

Add a glass of milk, and enjoy!
