Other materials

- 250 gram butter
- 5 eggs
- 100 ml milk
- 100 ml water
- Baking tray
- Glass bowls suitable for the microwave
- Ice-cream scoop

Preheat the oven to 180°C (convection oven 160°C). Prepare 500 gram of FunCakes mix for Cupcakes as indicated on the package. Place the baking cups in the muffin pan and fill the cups with an ice-cream spoon with the cupcake batter. Bake for 18-20 minutes until they're golden brown. Let them cool down on the kitchen counter.

Melt the FunCakes Deco Melts at 450W (max. 500W) each in a separated bowl. Stir well every 15-20 seconds. Stop heating when the melts are almost completely melted (small bits of melts still visible). Keep stirring until the melts are smooth.

Cover a baking tray with the parchment paper. Fill up the bags with the FunCakes Deco Melts and cut off a small tip. Pipe large rounds on the paper and tap the tray a bit on the counter so that they become nice and smooth. Immediately sprinkle the sprinkles on top and let them harden in the fridge for 10-15 minutes.

Mix 150 gram FunCakes mix for Enchanted Cream with 100 ml milk and 100 ml water for 3 minutes at high speed. Add the flavour paste. Place the tip in the decorating bag and fill this with the cream. Pipe swirls on the cupcakes and decorate them with the FunCakes Deco Melts toppings.
