Ingredients

- FunCakes Mix for Waffles 500 g
- FunCakes Pearl Sugar 200 g
- FunCakes Bake Release Spray
- FunCakes Deco Melts -White-
- FunCakes Deco Melts -Pink-
- FunCakes Deco Melts -Green-
- FunCakes Deco Melts -Light Blue-
- FunCakes Confetti Spring
- FunCakes Confetti XL Pastel
- 175 ml water
- 170 g unsalted butter
- 1 egg (ca. 50g)

Supplies

- Wilton Recipe Right Non-Stick Cooling Grid -40x25 cm
- Bestron Sweet Dreams - Waffle Maker

Step 1: Prepare the dough for the waffles

Prepare 500 g FunCakes Mix for Waffles according to the instructions on the package. If you want waffles with pearl sugar, mix the 200 g pearl sugar with 20 g melted butter and knead this through the dough with the dough hook.

Step 2: Make the waffles

Turn the dough into +/- 15 balls of about 70 g. Heat the waffle iron and spray the plates with the Bake and Release Spray. Place a ball of dough on each plate and press the device closed. Bake the waffles for about 3-4 minutes until nicely light brown. Then let them cool well on a cake rack.

Step 3: Heat the Deco Melts and decorate the waffles

Put some pink and white FunCakes Deco Melts in a bowl to get light pink and melt it in the microwave according to instructions on the package. Then dip a few wafels in the melted deco melts and decorate right away with the FunCakes Confetti Spring and the FunCakes Confetti XL pastel. Let the wafels dipped in deco melts set in the fridge for 15 minutes to give it a nice sheen.

Melt the light blue FunCakes Deco Melts and repeat as described above. For the aqua color mix some blue, green and white FunCakes Deco Melts and repeat as described above.

Step 4: Enjoy these delicious Waffles with Deco Melts!
