Step 1: Melt the Deco Melts

Melt some of the various colours of Deco Melts in a microwave-safe bowl as indicated on the packaging. Use the white Deco Melts to achieve the light blue and light pink colours.

Step 2: Create the shapes

Place the cookie cutters on a baking sheet lined with parchment paper. Pour the melted Deco Melts into them and tap the sheet a few times on the counter until the cutter is filled.

Step 3: Decorate the lollipops

Decorate the lollipops in a Unicorn theme by sprinkling various sprinkles on the Deco Melts while they are still soft, ensuring the different decorations stick well. Remove the cookie cutters and insert lollipop sticks into the bottom. Place the sheet in the refrigerator to allow the lollipops to harden for 30 minutes. Afterward, you can store the lollipops outside the refrigerator.

Step 4: Share these festive Unicorn Lollipops!
