Ingredients

- 500 g FunCakes Mix for Cupcakes
- FunCakes Deco Melts Yellow
- FunCakes Deco Melts Orange
- FunCakes Deco Melts Purple
- FunCakes Deco Melts Pink
- FunCakes Deco Melts Light Blue
- FunCakes Chocolate Melts White
- FunCakes Sprinkle Medley - Happy
- 250 g unsalted butter
- 5 eggs (approx. 250 g)

Tools

- FunCakes Bake Release Spray
- FunCakes Disposable Piping Bags - 12"/pack of 10
- FunCakes Sugar Decorations - Unicorn & Rainbow Set / pack of 12
- Wilton Recipe Right Non-Stick Cooling Rack - 16" x 10" (40 x 25 cm)
- Wilton Decorating Brush Set - 3 pieces
- Silikomart Mini Classic Ice Cream Mould
- Patisse Adjustable Cake Ring - 8" to 14" (20-35 cm)

Step 1: Preparation

Preheat the oven to 180°C/350F (160°C/320F for a convection oven) and grease the cake tin with FunCakes Bake Release Spray.

Step 2: Make the mix

Place the FunCakes Mix for Cupcakes, eggs, and butter in a bowl. Mix for 4 minutes on low speed. Pour the batter into the cake tin and bake for 55-60 minutes. Remove the cake from the tin and let it cool on a cooling rack.

Step 3: Prepare the decorations

Place the FunCakes Deco Melts in a microwave-safe bowl. Heat in the microwave at 500W for 15-20 seconds until they start to melt. Stir and repeat until fully melted. Using a decorating brush, coat the ice cream molds with the melted Deco Melts and insert the sticks. Place the mold in the fridge for 15 minutes to set.

Step 4: Fill the cakesicles

Crumble the cake and mix it with some melted white Deco Melts to form a dough. Press the dough into the ice cream molds and seal the backs with more melted Deco Melts. Refrigerate again for a glossy finish.

Step 5: Decorate

Once the cakesicles have hardened, carefully remove them from the molds. Drizzle with melted Deco Melts and sprinkle with the sprinkle medley. Attach the sugar decoration using a little melted Deco Melts as glue.

Step 6: Enjoy your delicious, colorful, and cheerful Deco Melts cakesicles!
