- 360 ml of water
- 200 grams of monchou

Stap 1 Preparation Red Velvet Cake

Preheat the oven to 175 degrees (convection oven 160 degrees) and grease the baking pan with baking spray.

Step 2 Baking the Red Velvet Cake

Prepare the FunCakes Mix for Buttercream with 200 ml water. Then start mixing the FunCakes Baking Mix for Red Velvet Cake together with the eggs, the vegetable oil and 160 ml water. Mix everything in 6-8 minutes to a light batter, pour the red velvet mix into the baking tin and bake for about 35-40 minutes. Let cool completely on a cooling grid. Finish the buttercream as indicated on the package and season with the white chocolate paste. Finally, mix in the monchou.

Step 3 Decorating the Red Velvet Cake

Cut the cake with the cake saw 2 or 3 times. Spoon the cream into a decorating bag with # 1M and fill each layer with small tufts and stack on top of each other.

Spray small tufts along the top edge and gently press the golden and red chocolate balls in here. On the inside you sprinkle a mix of the hearts, golden pearls and golden musket. Ready? Put in the fridge until ready to use and enjoy!
